BATH FITTINGS

About Us

Who We Are.....

Olivia products are of high quality decorative kitchen and plumbing fixtures. We understand that water is the most important natural resource and life cannot thrive without it. The technology that goes into Our Products helps us deliver superior quality bath system that are also ecomatic. We know that our customers expect nothing but the best from us and we always aim to meet their expectations.

Better By Design....

Olivia product have been designed by professionals to suit every plumbing conditions and we appreciate the fact that you as customer always look for the best. You will see the cleanest lines in every Mabel fixture that looks good to eyes and every mood.

Olivia Infrastructure...

Olivia products are manufactured using a global manufacturing, designing and quality control infrastructure. Our design and sourcing unit works seamlessly and together with Our Infrastructure enables us to bring to our customers the best products they are looking for.

Why Olivia ?

Tested to the highest standards , Olivia products offer easily available spare parts, a comprehensive warranty, a service help line and a nationwide pre sales & after-sales service network. Every product passes through inspections during the manufacturing process to ensure the final product exactly matches design and finish specifications. Handles are randomly turned on and off numerous times followed by rigorous air and water testing cycles to ensure leak-proof performance for years. All Olivia products are made with the user in mind. We deploy continuously updated smart technologies with product innovation to make our customer's experience seamless and hassle free.
